# Fishing Magician

Dave Graybill

Reach Dave @ [www.FishingMagician.com](http://www.FishingMagician.com) or [FishBoy@nwi.net](mailto:FishBoy@nwi.net) "The Outdoor Insider"

The hot weather brought more than the usual number of boats out on the water. Last Friday was a good day for boating, with little or no wind in the forecast. I got the new boat out on the water for the first time. I also got another video done, in spite of the wind that can make shooting difficult. We have some great days ahead of us.

Every year I try to have my wife Eileen go with me the first time I put the new boat from Bob Feil Boats and Motors in the water. We usually take it to Lake Chelan, and split time between fishing for kokanee and breaking in the new engines. She wants to be sure that everything is in ship shape before I take anyone else. A couple of years ago I launched the boat at the State Park. She was holding the boat at the dock, and I stopped at the top of the ramp to see if she was doing okay, and when I looked back, both the bilge pumps were spraying water! I forgot to put the plug in. Now this is something that she asked me about every time I hook up the boat. The folks at Bob Feil Boats and Motors have done an excellent job rigging the boat with a bow mount Minn Kota and electronics. I just had to put some rod holders where I want them and load what I keep in the boat, like life jackets, downrigger releases, tools, and such. Now I just have to remember to put in the plug.

I picked a good day for the maiden voyage of the new Smoker Craft on Lake Chelan with my wife Eileen. It was very warm and sunny and dead calm. The conditions were great for fishing, and the goal for the day was to get the engines broken in. Mercury recommends that you run the main engine at varying speeds, up to 4,500 rpms for the first two hours. Then you can run it up to full speed—but not for more than five minutes, for the next eight hours. We did do a little fishing. When we left the launch at the State Park and ran down the lake, we saw a large number of boats trolling off Mill Bay. We joined them briefly and landed a

nice kokanee. We left there and buzzed around for a while, following the break in instructions. We took the boat to an area below Rocky Point where I like to fish and hooked several more kokanee. To finish the break in procedure I drove the boat up above the Yacht Club and then back down to the State Park. The kicker started very easily, too, and the boat drives like a dream! It's going to be a great season.

I had a very productive day last Wednesday, although with some challenges. I wanted to shoot video of some of the quality lakes in Grant County. By that I mean those that

saw a license plate from California in the parking area. This week's photo is of Dry Falls from above the lake.

I have posted a couple of videos you may enjoy recently. One is of "the Walleye Fishing Hot Spots on Moses Lake". With my friends Brian Nielson and James Lebow, we did tour of Moses Lake, stopping at some of our favorite walleye fishing spots and I described them in detail. If you ever plan to fish for walleye on Moses Lake it will give you some great places to start. The "Quality Lakes in Grant County" has also been posted. You can search the Dave Graybill YouTube channel to find these and many other videos I have done over the years.

I was thinking back to when we fished for smallmouth bass at Crescent Bar last year. It didn't take long to search my photos and find what I was looking for. Tom Verschuren and I are making trips to this area every year now, and last year we got some dandy smallmouth on May 6th. We went back on May 10th and had another good day. We

fish below the cliffs in the channel and start about where the swimming area is on the beach. I have tried all kinds of stuff that works great for me on Banks Lake, like Senkos and lizards, but for some reason they don't work here. We have our best success trolling crank baits behind the boat. We have some Rapalas, like the Fire Tiger pattern that works really well, and a Flicker Shad Crawdad gets fish, too. We run four rods out the back and try different patterns until we find what the smallmouth want. Even on windy days, with a lot of current off the Columbia, fishing along the cliffs is protected. There is a great free launch here on both sides of the channel by the bridge. I want to get down there as soon as I can!

There are so many places I like to fish this time of year it's hard to decide where to go first. Wherever I go I will be sure to let you know how I do!

have special regulations that restrict anglers to the use of single barbless hooks and no bait. They also have limits of one fish per day or even just catch and release. With these regulations in place the lakes have abundant populations of bigger trout. I started at Rocky Ford Creek. The challenge was the wind. I tried to find some shelter, but it isn't easy to shoot video in windy conditions. I spent quite a bit of time here, hiking down the stream to show good places to fish. My next stop was at Lake Lenore, which is known to produce Lahontan cutthroat to 30 inches and has been fishing very well the past couple of seasons. I ended the day at Dry Falls Lake. I spoke with someone with the State Park when I arrived, and she said anglers were getting trout of 18 to 20 inches fishing with chironomids below indicators. This is a popular fly fishing lake, and I even

## HUNTING & FISHING

### DOUBLE BARREL RANCH THE FINEST UPLAND BIRD HUNTING

On our 3000 acre hunting preserve! Guided & non-guided upland bird hunting, lodging, meals, corporate events & family get togethers. *May*  
**GARDENING TIPS**

*Master Gardeners of Spokane County*

**PLANT VEGGIES**

Daytime air temps are favorable; nighttime temps are getting warmer and so is the soil. Our last average frost date is May 15. Prepare your vegetable beds and get ready to plant tomatoes, root crops, leafy greens & more!

**DIVIDE PERENNIALS**

Now is a good time to divide perennials that have grown too large for their space or if you want to move plants around your garden. Depending on the plant, there are several ways to do this job.

**NURTURE BENEFICIALS**

Many insects and other small creatures are desirable to have in your garden. Take special care to provide food, shelter and water. Avoid using broad spectrum insecticides that kill even the good guys!

**FOR MORE INFORMATION:**

Thanks to the Exchange for helping continue the four-decade tradition of delivering weekly motorsports news to the Inland Northwest!

## EARLY STOCK CLASS BRINGS BACK MEMORIES

SPOKANE — When the local Early Stock class chugs out on the track to race at Stateline Speedway some may wonder just where all these old cars came from?

Certainly not out of a box?

They are., in fact, a microcosm of a large segment of racing history in the Inland Northwest.

"When I was a kid my dad would take me to the races at the Fairgrounds," Steve Spalding, one of the current drivers said. "As a kid you always had your favorite drivers and my favorite class was the C stock class," now reborn as the Early Stocks.

The C class were open wheel 1929-1940 coupes and sedans. These cars could be built from wrecking yards and old bodies could be found in a farmer's field. They would be powered by a six-cylinder motor with a one-barrel carburetor with a straight axle front end, Spalding explained.

"This made this class very affordable and easy to build or buy," he said.

Many of the big names cut their teeth in this class: Gary Honeyman, Clancy Kirk, Randy Johnson, Monte Zema, the Sneva and Hudson brothers (Ed & Hal), Jim Cosner and Don Harris, among others. And the list goes on and on.

"This class honors the past of racing, every little town and every fairground had such a class," Spalding said.

But the class predates the Fairgrounds, according to Ed Hudson.

"Some of Spokane's great made their names at Mead, Ed Sneva and Earl Wham, two drivers to be reckoned with," Hudson wrote in a brief history of the class.

Between the end of the Mead Speedway and birth of the Fairgrounds, racing took place at Memorial Stadium (Joe Albi) in the early 1950s, later at Stateline Gardens in Idaho and then Sunset Speedway a 3/8's banked dirt oval — not to be confused with the current dirt karting track.

"Tom, Jerry and Jan Sneva all started in the Early Stocks," Hudson said. "Plus, they made the transition to the ultimate stage for open wheel racers, the Indianapolis 500. Tom won the 500 in 1983."

According to Spalding, "The class made some huge changes and the class died."

Many of the cars got scrapped or sold to

go up north to the dirt tracks. Many of the drivers made a new class the Northwest Modifieds which is still running today.

"This class was absent from Spokane for many years," Spalding recalls, but one weekend a traveling group of racers from Canada and Oregon raced such a car on a stop at Stateline.

It was the same type of cars that Spalding grew up watching as a kid. They would get together and race 4-6 races around the 4th of July week, tracks in Montana, Idaho and Washington.

So launched the rebirth of the local class. "Rossy Rocket" was the founding father of the Canadian group," Spalding said. His car was retired and in a racing museum on Victoria Island sitting beside Tom Sneva's Tipke Indy car.

"Ross called me one night and said that the car was getting pulled out of the museum and that he wanted me to buy it," Spalding recalled. "I was the only Spokane car for a short time."

If it was the classic example of if you build it and they will come.

It started with Spalding's car, but Frank Voltz and Larry Martin built many cars in the next few years. Duncan Behar, Bob Young, Pete Munk, Terry Armstrong and the Wilson Family would get their own cars as well.

"The cool thing was it was the same class with the same rules we had at the Fairgrounds," Spalding said.

The class currently uses largely the same rules at the C-stocks except safety issues.

"Today we have young and old racers, girls and guys in this class," Spalding said. "Yes, we still have Rossy Rockets and a Sneva car racing in the club," he added.

The former Sneva C-class car that was driven by LoraLee Wilson, the longest continuing driver in the Early Stocks club. Photo courtesy of Steve Spalding.

Racing action at the old Mead Speedway and Memorial (Joe Albi) Stadium featured the predecessors of today's Early Stocks. Check out the stadium scoreboard. Photo courtesy of Ed Hudson.

## EARLY STOCKS SCHEDULE (REMAINING 2024 DATES)
