C YOURSELF BECOMING NATURES GOD

We are not alone in the universe. Jesus was the morning star, which is Venus, while the "Star of Bethlehem" was a spacecraft. Smoke from fires can be dangerous for everyone

Take these steps to protect your health

Stay informed on air quality

Visit WA Smoke Blog (www.wasmoke.blogspot.com) for current air quality conditions and smoke forecasts.

Pay attention to local news for health warnings and air quality reports in your area.

Avoid smoky air

People with health conditions, such as lung or heart diseases, diabetes, stroke survivors or have a cold, should limit their time outside, avoid intense physical activities & keep indoor air clean when smoke levels are "moderate."

Babies, children, people over 65, and pregnant women should follow this advice when smoke levels are "unhealthy for sensitive groups."

Everyone else should do this when smoke levels are "unhealthy for everyone."

Keep indoor air clean

Close windows & doors, pay attention to the heat, & stay hydrated.

Use fans or air conditioner (AC) when it's hot, & set your AC to recirculate. If you don't have an AC & it's too hot to stay home, go to a place with AC like a mall or library.

Don't smoke, use candles, or vacuum.

Use an air cleaner with a HEPA filter.

Contact your healthcare provider

If you have heart or lung diseases & your symptoms get worse around smoke, contact your healthcare provider.

Call 911 if you or someone else has serious symptoms—like trouble breathing.

www.doh.wa.gov/SmokeFromFires

DOH is committed to providing customers with forms and publications in appropriate alternate formats. Requests can be made by calling 800-525-0127 or by email at civil.rights@doh.wa.gov. TTY users dial 711.

YOUR CONNECTION TO THE CITY COUNCIL

Recent Updates...

Spokane Valley City Council - June 11, 2024

This report is a departure from the usual weekly synopsis of the Spokane Valley City Council meetings. Instead of the Council meeting that would have taken place on Tuesday evening, Council held a Budget Workshop to learn about the 2025 City Budget. Next year, 2025, is shaping up to be a financially trying one.

Recurring Revenues from major sources such as sales tax and property tax are showing signs of leveling out or decreasing. Other included recurring revenue sources combine to project a total of \$62,953,000, a \$347,000 (0.55%) increase over 2024.

On the Recurring Expenditure side of the ledger, Public Safety far and away is the largest number, increasing more than \$2,500,000 largely to pay for wage increases and new hires at the Spokane County Sheriff's office where we contract for our City police. Estimated recurring expenses for 2025 are \$62,940,135, a \$3,478,428 (5.85%) increase over 2024.

The proposed budget cuts from City street operations to reach the above numbers are:

- Eliminate the Street Maintenance Funding (\$1,674,454)
- Reduce Winter Operations
 - Sidewalk snow removal from \$75,000 to \$40,000
 - Winter Snow Services from \$735,000 to \$425,000

Total reduction \$2,019,454

The proposed budget cuts from other City operations are:

- Parks and Recreation (swimming pools) \$476,850
- General Government

• Outside Agency Awards	\$200,000
• Parks Capital Projects	\$160,000
• Pavement Preservation	\$1,032,119
• Public Safety Equipment	\$473,722
Estimated saving and supplement	<u>\$2,342,691</u>

This picture is playing out against the backdrop of the six goals selected by City Council on May 21st.

1. Increase public safety response to ensure the safety of Spokane Valley citizens.
2. Prioritize infrastructure maintenance and preservation and advance strategic capital projects through grant awards.
3. Continue economic development efforts to maximize business growth and develop tourism destinations.
4. Maintain our strong financial position.
5. Utilize strategic partnerships to aggressively reduce and prevent Spokane Valley homelessness.
6. Expand homeownership opportunities so more local people own homes.

The strong financial standing of the City lends itself to enabling continuing operations with a minimum reduction in services. The current signs of economic slowdown in both state and national economics indicates that Spokane Valley may be more forward in its conservative view of the future. In the meantime, economy and restraint are the direction for 2025.

Spokane Valley City Council meetings are held in City Hall, 10210 E. Sprague Avenue, on Tuesdays, commencing at 6:00pm. City Hall is open for regular business during normal business hours (8:00am to 5:00pm). The Public is invited to Council meetings to participate in action items or public comment periods in person or via ZOOM. Call 509-720-5000 or prior to 4:00 p.m. for access instructions. Council meetings are broadcast on Comcast channel 14.

HOW TO: Secure Your Load for Safer Roads

Unsecured loads cause 300 crashes in Washington every year and contribute to roadside litter - you can help change that.

STOCK UP
Keep cargo nets, tarps, ropes, bungee cords, or straps in your truck to make sure you always have what you need to secure your cargo. You may need tie down hooks or eye bolts on your vehicle as well.

STRAP DOWN
Securely fasten all large items directly to your vehicle, including tarps and covers.

SEAL TIGHT AND COVER
Make sure boxes, bags, and garbage cans are tightly closed and strapped down or covered to keep contents from blowing away.

GET ORGANIZED
Lay tall items flat and put lighter cargo at the bottom of the load so heavier objects can hold them down.

FOLLOW THROUGH
Run straps through and around items - especially large items like hand trucks, ladders, furniture, and mattresses.

TIDY UP
Remove any loose pieces of trash from your truck, trailer, or boat that could blow out while driving.

CHECK REGULARLY
Nothing you're hauling should be able to slide, shift, or fall out. If you hear whipping or rattling sounds while driving, stop in a safe place and check your cargo.

OPERATION DOG TAG

What My Service Dog Means to Me

I am a Veteran. With all the experiences I had both good and bad, I am proud to have served in the Air Force. I am now blessed to have my Service Dog, Skye, to help me. I have TBI (Traumatic Brain Injury) and PTSD (Post Traumatic Stress Disorder). I have a wonderful and loving family. However, I have wide field of things that make me sad. When my head is acting up it causes: balance issues, I run into corners in the hallway, can't get off the floor without crawling to the table to stabilize. I get very confused, foggy, lose my sense of presence (where I am) and extremely lonely. I get lost leaving my house past my driveway. I can't put three words together without losing my thought. I am a Believer and know that God does love me, yet I am still feeling all this! There's nothing wrong with my Faith, it's just my head being off.

Skye has been in my life for over 2 months now with the help of Operation Dog Tags with Joe Scheffer. Skye heads off high anxiety attacks BEFORE they begin. She senses my anxiety before I am aware of it. She gets my heart rate down (grounds me to the present) by putting her head on my arm or putting her paws on my lap and shoulders. If I am sitting in my chair and my heart rate jumps to over 110. She gets in front of me and puts her paws on my lap and shoulders. Puts her face close to mine and licks my nose or forehead. She won't get down until I acknowledge her.

She really grounds me and makes me feel valued. I remember I have a purpose and I am thankful for so much! Any Veteran who is reading this and is contemplating hurting themselves or doesn't feel like they have a purpose, I have been there. Please call Operation Dog Tag (509) 276-4364.

With having my dog with me ALL the time, I am NEVER alone again!

Fishing Magician

Dave Graybill

Reach Dave @ www.FishingMagician.com or FishBoy@nwi.net "The Outdoor Insider"

I got out on the water a couple of times in the past week. I got some video work done on Banks Lake, Soda Lake and Potholes Reservoir. I got some fishing in while I was at it, on Banks and Soda Lake, so folks can learn more about the opportunities these lakes offer for walleye fishing, in particular.

I had a trip scheduled with Joe Zelinski, Gold N Chrome Guide Service, for last Thursday morning on Banks Lake, and we were very close to cancelling. We were concerned about the high winds that were in the forecast, but we went ahead anyway and met at the Steamboat State Park launch. I have known Joe for several years and scheduling a time to do that was difficult with both our schedules. I was very glad that we finally made it out on the water. I learned a lot from him about side planing with crankbaits. This is Joe's preferred method for catching walleye. He said he starts pulling cranks as early as May and continues doing it into the fall. On the day we fished, we stayed in Devils Punchbowl. It was a good place to be, as it offered some protection from the wind that increased in force while we were out there. The first fish we got was 21 inches long and we released a 24 inch fish that morning, too. We were pestered by little largemouth bass and perch, but still put five walleye in the live well before we tossed in the towel after just three hours of fishing. I'm sure we could have put more fish on board, but there are many more calm days ahead of us this season. I have posted the video that I did with Joe on the Dave Graybill YouTube channel, and you'll want to watch this one. If you want to learn more about pulling crankbaits for walleye, this one's for you. This week's photo is of Joe with a 24 inch walleye that he released immediately after we took the photo.

I wanted to add Soda Lake to the videos that I am doing of Grant County fishing opportunities, and my friends James Lebow and Ryan Harris were glad to help out. The last time the three of us fished Soda we got limits of nice walleye. We got off to a bumpy start. When James pulled into the launch area we found that he had a blown wheel bearing on his tandem axel trailer. James had that wheel off

in no time and we launched with three wheels on the trailer. That's the benefit of having a tandem axel trailer! We motored down the lake to find the "hot spot" that had produced for us last time and Ryan got two walleye in the boat right away. However, the walleye were elusive and smallmouth bass abundant. We searched and searched for walleye along the western shore of the lake and did manage to land a few more walleye, and lots of smallmouth bass. The video will show the fun of fishing Soda Lake, and although we didn't duplicate our past experience of great walleye fishing, we will be back. The fish we got in Soda were of excellent quality, and that's fishing! The video I did is

posted on the Dave Graybill YouTube channel for you to see. Soda Lake is just over 100 acres in size, and it can be easily explored by small boats and kayaks. Two kayaks launched just before we put our boat in the water and they worked the shoreline, casting for bass. I am sure they had a great time, they were still at it when we left. There is good shore access at the top end of Soda, where the Potholes canal enters the lake. I remember fishing here in the spring many years ago with my brother Rick and we caught a bunch of the big lake variety whitefish from this shore.

I had a great day on Banks Lake recently. Tom Verschuren and I traveled to Banks for two reasons. One was to shoot a video, from the water, of all the boat launches on the big reservoir. The other was to take a few minutes to cast for bass near the launches while

we were at it. We put the boat in at the Coulee City campground, and motored around the corner to the backside of the breakwater and caught a whopper smallmouth. We fished in Devils Punchbowl, across from the launch in the State Park, and caught both large-mouth and smallmouth bass here. We got a nice smallmouth fishing along the riprap near the boat launch in Osborn Bay. Then we shot some video at Coulee Playland and then ran over to the Barker Canyon boat ramp. We fished a couple of spots on our way to the bottom end of the lake where we started. The shoreline across from the Upper Million Dollar Mile boat launch is a favorite area for fish to Tom and me. I have put hundreds of smallmouth in my boat fishing with Tom and others casting to the shale slides and sunken rocks along here. The video we did is also now available on the Dave Graybill YouTube channel.

Last weekend was Free Fishing Weekend, and I hope that people got out to try their luck. No license is required for this annual event provided by the Washington Department of Fish and Wildlife. I spent the weekend at Bob Feil Boats and Motors for the Summer Kick Off event. Christine Lee organized two days of fun for kids, entertainment and education. Youngsters enjoyed catching plastic fish in the pond made from a john boat. The live music was provided by excellent local musicians. Represented there was the Brewster Salmon Derby, Sheriff's Department Boating Safety division, the Lake Chelan Pirates, Crescent Bar, Apple Sox Baseball and others. There were seminars offered on topics from salmon fishing to trout and bass fishing. The food and espresso trucks had excellent food and drinks for the event. Those who participated in the "scavenger hunt" won amazing prizes. Although the Summer Kick Off was competing with High School Graduation ceremonies and family get togethers, plus the Free Fishing Weekend, the turnout was good enough to assure that the event will happen again next year. You won't want to miss it.

WHAT STAYS WITH THE HOUSE?

Many times after a sale is completed or at the final walk-through by the buyer just prior to closing, the buyer finds that items are missing from the home that they expected to be included. This scenario often places the brokers in a frenzy to get the seller to honor the contract and replace the items, assuming those items were actually written into the contract. Personal items like refrigerators, ranges and other appliances that are not built in, must be negotiated and included in the purchase agreement, even if they were offered in the MLS data information. Other items are specifically included and automatically part of the agreement.

The boiler plate language on a Realtor® generated purchase and sale agreement (concerning included items) goes like this: "Any of the following items located on the property are included in the sale; built-in appliances, wall-to-wall carpeting, curtains, drapes and all other window treatments, window and door screens, awnings, storm doors and windows, installed TV antennas, ventilating, air conditioning and heating fixtures, trash compactor, fireplace doors, gas logs and gas lighters, irrigation fixtures, electric garage door openers, water heaters, installed electrical fixtures, lighting fixtures, shrubs, plants, and trees planted in the ground, other fixtures and all associated operating remote controls."

You may think it silly to spell out that the shrubs in the yard stay, but that rose bush in the yard may have been from grandma's flower garden and is considered an heirloom! All of these items above are specifically listed because of some disagreement or lawsuit in the past based on these items! On the front page of the purchase agreement there is a place to mark each box for specific included items such as; refrigerator, range, dishwasher, washer, dryer, microwave, or woodstove. Unless these items are specifically marked, they don't stay with the property. Many Realtors® have purchased a refrigerator out of their "education fund" because they failed to explain these paragraphs to the seller. The seller could be in another state with those items in their moving van before anyone figures that out!

When the property happens to be a farm or ranch, the buyer should never take it for granted that the panels or portable fencing stays with the property. Gates, fencing, panels, pumps, water troughs and other amenities that the buyer thought would stay, must be specifically negotiated so there is no misunderstanding.

Spokane REALTORS®

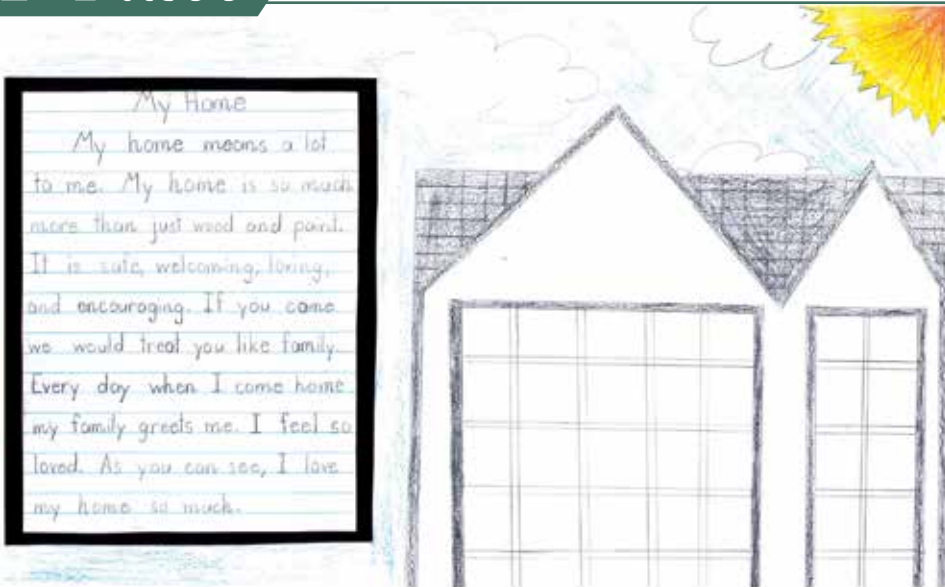

3rd Grade Essay/ Poster Contest WINNERS!

The Spokane REALTORS® holds an Annual 3rd Grade Poster/ Essay contest. All Spokane area third graders can participate. The contest gives the “youngest homeowners in the family” the opportunity to express what their home means to them.

"What My Home Means to Me"

Each student draws a picture of their home and writes a 60 words or less essay. Every student who participates receives a special surprise, when we return the poster/essays.

1st Place *Serena* Hamblen Elementary

"My home means a lot to me. My home is so much more than just wood and paint. It is safe, welcoming, loving, and encouraging. If you come we treat you like family. Every day when I come home my family greets me. I feel so loved. As you can see, I love my home so much."

2nd Place *CeCi* Hamblen Elementary

"Home is a happy and joyful place. When I think of home I almost see all the memories, all the laughs my family and I share. Like when Dad would call me, Mom, and my sister the three blonde girls. Or when we'd order pizza and watch the basketball game downstairs. All these little moments that cause so much joy."

3rd Place *Kenzington* Prairie View Elementary

"My home is clean and pretty! And small and when I come in I feel safe. My home is so colorful, my family is caring and loving! I also have a quiet home. I love my home it is the best! It is soft and comfy. There is sun in the morning and frogs in the creek at night."

4th Place *Evnika* Prairie View Elementary

"My home means peace and love. My family is always in peace and our love is very big and wide. My sister is very kind and my brother is a builder. My grandmother has golden hands in cooking. My dad is the best dad ever. He is the best Mailman. He even takes us to help out."

WEEKLY Horoscopes for June 13 - June 19

ARIES – Mar 21/Apr 20
Aries, this is a great week for transformation. Be careful where you direct your attention, as what you do will have lasting effects. Choose your plans wisely.

TAURUS – Apr 21/May 21
Use this week's powerful energy to strip away all of the unnecessary static in your life right now. It is doing more harm than good. Open yourself up to new opportunities, Taurus.

GEMINI – May 22/Jun 21
Gemini, there is a lot of stuff going on around you, and you need to sort through the noise to determine your priorities. Things will start to become more clear this week.

CANCER – Jun 22/Jul 22
You are in a great position to make some lasting and strong impressions on others, Cancer. Focus on group work, as this will showcase how well you work with others.

LEO – Jul 23/Aug 23
Leo, you do not know which direction to go in this week, and that is perfectly fine. Try out different options and figure out what fits best. This will require some trial and error.

VIRGO – Aug 24/Sept 22
Virgo, you have a tremendous amount of power at your disposal this week. Use all of it wisely and thoughtfully. Others will be strongly affected by your presence.

LIBRA – Sept 23/Oct 23
A conflict in your life that you may feel is beyond your control may crop up at the worst time, Libra. Use this as a learning opportunity on how to cope under pressure.

SCORPIO – Oct 24/Nov 22
Scorpio, you have the power to produce a powerful outcome, even if it seems that forces are working against you. Do not give up; in fact, double down your efforts.

SAGITTARIUS – Nov 23/Dec 21
Sagittarius, take things with a grain of salt if people seem insensitive to your feelings this week. You don't know what others have going on in their lives.

CAPRICORN – Dec 22/Jan 20
Nothing can stop you when you put a lot of gusto behind your efforts, Capricorn. Just be mindful of who you might affect if you take things with a little too much ambition.

AQUARIUS – Jan 21/Feb 18
Aquarius, are you getting the sense that something is going on around you that you're simply not a part of? Maybe your exclusive invitation is just waiting in the wings. Be patient.

PISCES – Feb 19/Mar 20
Pisces, stand up for what you want, even if means that you are taking a different stance than others. You don't have to please everyone in every endeavor.

NITRO EVENT AT QLISPE RACEWAY, JUNE 21-22

AIRWAY HEIGHTS — Perhaps harkening back to its beginning, 50 years ago, Qlispe Raceway Park is turning back the clock to present a field of nostalgia funny cars, June 21-22.

Billed as Nitro Jam, a field that also includes fuel alters and jet cars will compete with the smell and cackle of nitro in the air.

It was a half century ago when the former Spokane Raceway Park first hosted drag racing with the American Hot Rod Association Spring Nationals from May 30 to June 2, 1974.

Then it was a field of the most notable names in drag racing — Don Garlits and Don Prudhomme among others — who traveled to Spokane to run on the brand new track. Prudhomme and Gary Beck came away top professional winners.

A pair of local entries, Spokane's Chris Davis and his "Old School Nitro" Firebird, as well as Tim Eickstadt from Nine Mile Falls and his "Hitman" Camaro will battle with a handful of other funny cars.

They include Ron Smith's Camaro, Jason

Busy Firebird, Mike Peck in the "The Investigator" Camaro, the John Tillman "Dave Benjamin" Firebird, Canadian Nathan Sitko's "The Bubble Up" Firebird and Wally Giavia in the "G-Men" Dodge.

Smith won a title in Spokane in 1994 in top fuel. Sitko's the son of former pro alcohol champ, Kenny who won events here in the 1980s.

The unpredictable fuel altereds include: Tom Padilla "Red Dragon", Jason Pettit "Hell Raiser 2", Keith Wilson "The Witch Doctor" and Shane Harter "Not So Funny."

Derek Snelson "Tomahawk" and Mark Stevens "Hocus Pocus" are jet cars doing exhibition racing.

Gates open Friday June 21 at 3 p.m. Ticket prices: adults \$25 teenagers 13-17 \$10 and kids 12 and under are free. Fuel cars will run at 6:30 and 9:30 p.m. and jets will follow the 9:30pm run.

Gates open Saturday June 22 at 8 a.m. with fuel cars scheduled to run at 2:30 and 5:30 p.m. with jets will follow the 5:30 run.

Spokane's Chris Davis and his "Old School Nitro" entry, as well as Tim Eickstadt from Nine Mile Falls and his "Hitman" Camaro will battle at Qlispe Raceway, June 21-22. File photos

SPRINT BOATS TO WAKE UP ST. JOHN, JUNE 15

ST. JOHN, Washington — The pastoral quiet of the valley leading into St. John, Wash. will be upended June 15.

It's the invasion of some three-dozen race teams to the Webb's Slough sprint boat course for the first of two events in 2024 will turn the town of about 600 into the center of the sprint boat universe.

"Established in 2007, the June race will be our 32nd race held in St. John," promoter Amanda Webb wrote in an email.

The sport, which originated in New Zealand and migrated to the U.S., first landed in the area in 1997 when promoters built a sprint-boat course at the old Playfair Race Course horse track.

The Webbs put their race course together nearly two decades ago on a whim having never even seen a race — and with other notions for its use.

"We had visions of alfalfa," Amanda Webb told the Spokesman Review in a 2007 story.

The idea all came about largely due to Colfax, Wash. driver Scott Ackerman who said the U.S. Sprint Boat Association was looking for a new venue.

The Webbs had the perfect place, right off State Route 23 with a creek running through the property and a sloping hillside opposite. That has been terraced to accommodate spectators who tailgate.

A cautious but supportive community embraced the idea, too, and what has followed has been nothing short of impressive.

Webb's now holds a treasured distinction, Amanda Webb said. "I believe we now hold the title of longest running Sprint Boat Race track in the U.S."

The only gap in the racing of course came in 2020 with COVID-19.

For those who have never witnessed a sprint boat race it is quite unique in the world of motorsports. There is not head-to-head battles with other boats, but rather the clock and luck of the draw.

Each boat has a driver and a navigator and is given a map just prior to each race that shows the required course. Each team is judged by its finishing time and a boat that deviates from that course is disqualified.

The course is a series of channels, approximately 20-foot-wide and filled with about 18 inches of water where navigating in the best time wins.

A healthy purse of \$10,000 is a draw at St. John. First place in each class earns 1st: \$1,250, 2nd: \$800, 3rd: \$680 and 4th: \$250. The fastest qualifier also pockets \$250.

A second race is scheduled for August 24. Once a more popular sport with multiple locations, sprint boat racing in the Northwest is now limited to St. John and Port Angeles on the Olympic Peninsula.

Further event information can be found by visiting www.webbsslough.com.

KLEYN TAKES NWSLM POINTS LEAD INTO HERMISTON

Gale Brandner

HERMISTON, Oregon — Kasey Kleyn will take the points lead into the fourth event of the season June 15 at Hermiston, Oregon for the IBEW 112.
Kleyn, from Quincey, Washington, also won the last Northwest Late Model Series, May 18 at State-line. With 157 points he holds a comfortable 35-point lead over Ken Bonney (122), Dave Garber (109), Chris Kalsch (108) and Evan Goetz (103).

Three NWSLM races have all produced different winners with Garrett Evans capturing the April 7 Apple Cup win Tri Cities and then son, Jan Evans, winning the Leonard Evans 150 at Wenatchee which honored the memory of his grandfather.

The race will also serve a special purpose honoring Hermiston Raceway videographer, Gale Brandner, who passed away June 8.

In a Facebook post, the track wrote, "Gale was the unsung hero behind the scenes, tirelessly filming every single race we had. His dedication and passion for the sport were unparalleled, and this year, we were honored to present him with the Award of Excellence at our banquet."

"On June 15th, we will be holding a memorial race in Gale's honor. We ask that you join us in celebrating his life and the immense impact he had on all of us. It would have meant the world to him," the message added.

Visit www.hermistonraceway.com for further information.
