## HOW TO CHOOSE A HOME BUILDER ACCORDING TO THE EXPERTS

### Part 1

If you're in the market for a new home, you should shop for your builder as carefully as you shop for your home. Whether you are buying a condo, a townhouse, a log cabin, a traditional house in a subdivision or a custom-built house, you want to know that you are buying a good quality home from a reputable builder. Here are some tips to help you choose a builder.

#### 1. Research Home Builders in Your Area

Once you have thought about the type of house you want, you can create a list of potential builders. There are several ways to start building a list of professionals. The best place to start is by contacting your local home builders' association, Central Washington Home Builders Association at 509-454-4006 or visit [www.CWHBA.org](http://www.CWHBA.org), to obtain a list of builders who construct homes in your area.

Review the real estate section of your local newspaper to learn which builders are active in your area, the types of homes they are building, and the prices you can expect to pay.

#### 2. Ask for Home Builder Recommendations

Local real estate agents can help you find the perfect location or recommend builders. You can also ask friends and relatives about builders they have dealt with directly or ask them for the names of acquaintances who have recently had good experiences with a builder.

#### 3. Visit and Tour New Homes in Your Community

Look at new homes whenever you can. Home shows and open houses are good opportunities to explore homes constructed by builders in your community. Model homes and houses displayed in home shows are often furnished to provide ideas for using the space.

When examining a home, look at the quality of the main features. Inspect the quality of the construction materials, cabinetry, carpeting, trimwork and paint. Do not hesitate to ask questions about the work's quality or craftsmanship. What seems like an insignificant question might yield a meaningful answer. A professional builder or their representative should be able to answer your questions thoroughly.

#### 4. Find out if the Home Builder has a Reputable Business

When you have a list of potential builders, it's time to start learning more about them. Maintaining a reputable business is a significant component of being a professional home builder. A top-notch professional integrates best practices, writes clear contracts, has insurance, provides warranties, and more. Also, professional builders will explain the construction process and building schedule to the buyer.

#### 5. Ask about Contracts, Pricing and Payment Schedules

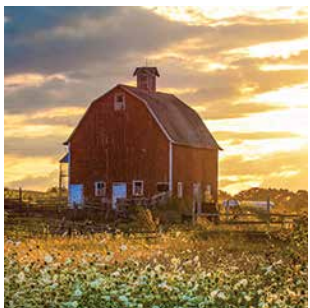

A qualified builder will provide a written estimate and a detailed contract before beginning the work. The contract should spell out what work will and will not be performed and provide a payment schedule. You are not protected when something goes wrong if you don't have a contract. Don't hire anyone who tells you a contract "won't be necessary."

# Fishing Magician

Dave Johnson

Reach Dave @ [www.FishingMagician.com](http://www.FishingMagician.com) or [FishBoy@nwi.net](mailto:FishBoy@nwi.net) "The Outdoor Insider"

The wintry mix that has been falling off and on throughout the region has made it difficult for anglers to plan for a day outside. There are many though that ignore the weather, gear up and get out there no matter what Mother Nature throws at them. They are meeting with a range of success.

When I want to check on what's going on with anglers in Okanogan County, I contact Jack in the fishing department at North 40 Outfitters. This store is a popular spot for fishermen, who stop by to resupply and share their experiences with Jack. Although angling is at a low ebb with the cold and wet weather, there are some bright spots. One of the best places to cast a line right now is at Omak Lake. According to Jack, there are three fly fishers that are fishing from Nicholson Beach, known as Beer Can Beach, and are fishing here about every other day. So, fishing must be worthwhile. He also mentioned that anglers are casting spoons from this same beach with success. The Lahontan cutthroat that inhabit Omak Lake often grab these lures on the drop. Cutts of 3 or 4 pounds are common here. I want to remind anglers who may want to try fishing from the shore at Omak Lake that a Colville Tribal Fishing License and an Access Permit are required. You can visit the tribal Fish and Wildlife page on their website ([www.cct-fnw](http://www.cct-fnw)) to learn the costs and even acquire what you need online. Rufus Woods has been quiet so far this winter for triploid rainbow trout, but anglers using jigs are getting wall-eye on the Nespelem Bar. Jack shared that if you are planning to fish Brandts Landing on Rufus Woods, there better be some current. If there is no flow, fishing is slow at Brandts. The last time I checked with my buddy Dave, who is a fish checker with the Colville Tribe, and patrols from Chief Joseph Dam to Brandts Landing, fishing hasn't been great yet this winter, with mostly smaller trout being landed.

There are several options available to anglers in our area. Steelhead fishing has slowed down on the Methow

and the main stem Columbia River, but there are some dandy fish being landed. I just had to share a photo of a terrific hatchery steelhead that my brother Rick got on a recent trip to Pateros on my Facebook page. You may not get big numbers of steelhead, but you might get a whopper like his. I also hear that there are good numbers of kokanee being landed on Lake Chelan. This is actually a good time of year to look for kokanee on the lake. Ever since anglers realized that kokanee can be caught in the winter, there are pretty fair numbers of them out there and they have pretty good success through

the chilly months. I had a stellar day in January a few years ago. My fishing buddy and I landed two limits of fish that averaged 12 inches, and the highlight was landing all four fish when we hooked a quad. My next trip may be for perch on Moses Lake. The last batch was so tasty I want to get a bunch more in the freezer. This week's photo is of brother Rick and his very nice hatchery steelhead.

It's still a ways away, but I wanted to get the word out early about the annual Northwest Ice Fishing Festival in Molson, near Oroville. This will be the 21st year that the community has conducted the event, and it just gets bigger and better every year. I attended the event several years ago and was very impressed with how this small community turns out to make sure everyone is having a good time. It will take place on Saturday, January 18th this year and the actual fishing will be on nearby Sid-

ley Lake. Registration can be done online through the Oroville Washington Chamber of Commerce website. Also, you can register at the event starting at 7 a.m. and the derby starts at eight and runs through one. There is a wonderful breakfast served at the Molson Grange Hall, and a lunch provided by Sitzmark. Hot chocolate will be available right on the lake while you're fishing. Thanks to a functioning aerator on the lake, fishing has vastly improved the past few years, and the size of the trout is impressive now, and last year's winner caught both a rainbow and cutthroat. The festival is sponsored by the Oroville Chamber and proceeds benefit the local community. This is truly a very fun event that the whole family can enjoy.

Like many anglers here in Central Washington, I was thrilled to see the steelhead season open after a nine-year closure. I have made several trips; the first one was to Wells Dam. This was for many years my go-to spot for steelhead. I spent several seasons back trolling below the dam, off the long bar, with divers and shrimp, and had great success.

Then I discovered the fun of fishing with a bobber and jig. I learned how to pace my drift to keep a straight line to my bobber and how far to put the boat from the shore and many other things that come into play when fishing from a boat here. I had many great days and caught a bunch of great fish. My first trip to Wells on the opening day of the season this year was a bust. My buddy Rollie Schmitt and I didn't catch any steelhead on our bobber and jig set ups. Rollie remembers the first time I took him to Wells for steelhead and we were busy hooking fish. I look forward to giving Wells another try this season. On one trip this year I hooked a big steelhead that jumped in front of the boat before my line broke!

I plan on making a road trip to check on a few locations in Grant County in the coming week, and I will let you know what I learn.

"Going fast is your job...telling people about it is ours...!"

## EMERIE SANCHEZ: RENEGADE RACEWAY ABSOLUTE AUTO JR. LIGHTNING 2024 CHAMPION

WAPATO, Wash. — Emierie Sanchez knew what she needed to do in order to advance in her drag racing experience and it seems to have paid off?

The 14-year-old wanted to focus of the all-important effort of being as flawless as possible at the start of the race so the

finish is a success.

"This year I have really been focusing on my reaction times," Sanchez wrote in an email.

She races a half scale model junior dragster with a 7.90 motor.

"My car has been running really consistently thanks to my dad," Sanchez said. "I think the combination of these two things and my grandpa helping me choose accurate dials really helped me to have a strong season."

She races in the junior lightning class for junior dragsters. This class is made up of kids from the ages of 13-18. In this class, you can't run faster than 7.90 in the 1/8 mile.

Sanchez topped Koda Tobel 211 to 201 in the Absolute Auto Jr. Lightning final standings.

"I won my first Wally in 2021," Sanchez said. "I finished first in the Gamblers series last season. This season I finished first in the Summit and Gamblers series and I also won my second and third Wally."

The Gamblers series is made up of both junior thunder and junior lightning classes so kids from ages 6-18. The Summit Series is just kids racing in the junior lightning class, Sanchez explained.

"My grandpa started racing at Renegade in 1996. It was inevitable that I would follow in his footsteps," Sanchez said.

Sanchez has been watching him race ever since she was a baby and when she turned 8 she got her competition license and have been racing for 6 years.

"Now that I am 14, I also race a Dodge Charger in the Junior Street Class at Renegade.

Along with support from her family, Sanchez said she's really thankful for the other junior racing families.

"They have really helped me grow in my racing career. They all jump in to help when we need it. I wouldn't be this successful without the help they have given me. I think of them all as my family at the track," Sanchez said.

Sanchez could not have had her success without sponsors. "My grandparents and parents sponsor most of my racing, but I am also sponsored by Snohomish Tint and Vinyl," she said.

## ABSOLUTE AUTO JR. LIGHTNING POINT LEADERS

1. Emierie Sanchez - 211
2. Koda Tobel - 201
3. Cole Dickhoff - 182
4. Michelle Brown - 180
5. Katie Froud - 151

## PLYBON 16TH IN SNOWBALL DERBY

Pensacola, Florida (Dec. 8) — Spokane's Haeden Plybon started fourth but ran into bad luck finishing 16th on the 57th Annual Snowball Derby at Five Flags Speedway. "That was a tough one for sure," Plybon's father, Tom, wrote in a text message on the tow home somewhere in Texas. Plybon finished one lap down in the 300-lap race.

Kaden Honeycutt held off a hard charge from Stephen Nasse to win the race that had a field of 36 cars.

Racing America reports that Honeycutt took the lead from Ty Majeski on lap 282 and pulled away from last year's Derby winner. However, Stephen Nasse quickly closed the gap, drawing all the way to Honeycutt's back bumper on the final lap.

Honeycutt held on for the victory, joining the historic list of Snowball Derby winners. Oregon's Kole Ran was 13th and 2020 Idaho 200 winner, Jeremy Doss who was 25th.

Next up for Plybon is the "Chilly Willy," January 17 at Tucson, Arizona Speedway.

**BEWARE!**  
**The Laws of Buying & Selling Wood**

Washington State law (WAC 16-662) requires wood sellers to provide an invoice (receipt) that shows the seller's and buyer's name and address, and the date delivered.

**Make sure the invoice includes the following:**

- Seller's name and contact information
- Date of purchase
- Price
- Quantity delivered
- Quantity upon which the price is based
- Type and quality of the wood
- Write the seller's phone number and the license plate number of the delivery vehicle

The legal measure for firewood in Washington is the cord or a fraction of a cord. Sellers may not legitimately use terms such as "truckload," "face cord," "rack" or "pile." These terms have no legal definition and cannot, therefore, be used as a measure for the amount of firewood being sold. Only packaged wood, such as kindling or a very small bundle of firewood, may be sold by the cubic foot or a fraction of a cubic foot.

**“ A CORD IS 128 CUBIC FEET. ”**

A cord is 128 cubic feet. To be sure you have a cord, stack the wood neatly by placing the wood in a line or a row, with individual pieces touching and parallel to each other. Make sure the wood is compact and has as few gaps as possible. Finally, measure the stack. If the width times the height times the length equals 128 cubic feet, you have a cord of firewood. If there is a problem, contact the seller before you burn any wood. **For more information, go to: <http://agr.wa.gov>**

## HORDEMAN DEER PARK DRAG STRIP BOOK SALES BENEFIT HOSPICE OF SPOKANE

SPOKANE — Gary Hordemann has a win-win proposition for you.

The retired college professor of mechanical engineering, historian and publisher wants to provide fans of both the Deer Park Drag Strip, and local history in general is promoting sales of his four books with Hospice of Spokane the benefactor.

Hordemann has painstakingly chronicled a special time in area motorsports history with a trio of books on the venerable Deer Park track that was located on a portion of the former World War II air base north of Spokane.

He was inspired by a former volunteer at the Deer Park track — Dave Gurr — who began writing his own book but passed away before being able to complete the effort.

The first book in the Deer Park series was titled: "A History of the Deer Park Drag Strip and Its Racers As Reported in Press Clippings: 1944-1964."

In describing the book, Hordemann writes, "It contains a collection of annotated images of several hundred clippings from newspapers, Drag News, NHRA National Dragster, Hot Rod Magazine, and other publications that reported on drag racing activities through 1964, primarily at the Deer Park Drag Strip."

And he adds, "Clippings involving the activities of Spokane individuals at other drag strips and at the Bonneville Salt Flats are also included, as are images of memorabilia, such as pit passes, timing slips, etc."

"These latter items, interesting in themselves are often useful in shedding light on events. All items are organized according to the years in which they appeared."

This 328-page, 8.5 x 11 inch book is available only from Hordemann for \$20 or \$25 if mailed.

Hordemann's second book, published in 2021, is a two-volume, 600-page, 8 x 10.5 inch history of Deer Park drag racing. Its title is: "Deer Park Sunny Summer Days." It is the story of long ago sunny summer days of drag racing, Hordemann suggests.

The story opens in the latter years of World War II when the United States Army Air Force built what became the Deer Park Airport, and for thousands of youthful car enthusiasts, the Deer Park Drag Strip. The story ends with 1964, the year that has been called the sport's "Golden Year." An Epilogue summarizes the racing activities through 1974 when drag racing ended at Deer Park. The cost is \$60 or \$70 if mailed.

Hordemann's third book takes the best of the first two, combines and refines them. The third Deer Park book, titled: "Deer Park Days: Memories of an American Sport," is a rewrite of the two-volume book so that it is of interest to a broader audience than local drag racers.

In his book description, Hordemann explains, "A lot of the detail about who won what when has been removed, as has other information of no interest to the general reader, so that most of volume 2 has been

deleted. The good stories, found mostly in the two-volume book's notes, have been integrated into the main text."

Hordemann adds, "A great many of the photos have been enlarged, necessitating an addition of roughly 100 pages and a number of new photos. Many of the best photos found in Volume 2 have been moved to the main text. All of the text has been updated. The resulting book is a large single volume of 440 pages, measuring 8 x 10.5 inches."

A fourth book takes an abrupt turn from Hordemann's passion for the story of the Deer Park Drag Strip.

In "Stories My Brother Told Me," are 55 stories told by a funny, insightful, sarcastic, profane and compulsive storyteller, brother Jack Hordemann. Edited by Gary Hordemann, they are illuminated and accented by 91 illustrations, of which nearly half (41) are sketches by Jack's daughter, artist Clair Hordemann Pimley.

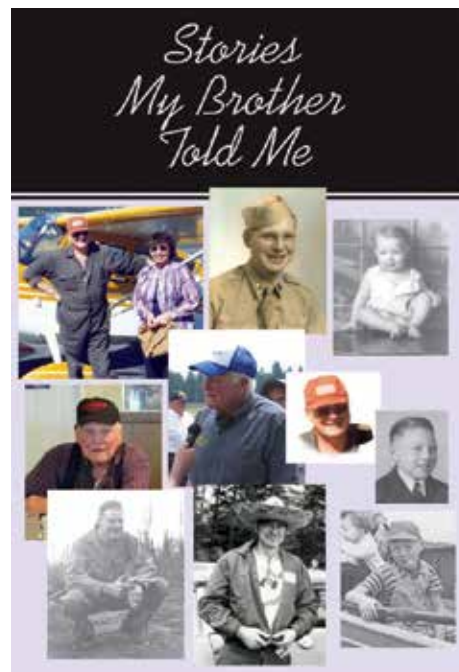

The tales have been arranged to follow the chronology of Jack's life, Gary Hordemann writes. They begin with an account of his baptism and end with stories about the last years of his life.

They tell of Jack's early years growing up on an Idaho farm, continue through his childhood and adult years in Spokane. Also includes several stories about his service at a remote radar station in Alaska during the Korean War.

The book is available on Amazon (enter "books by Hordemann") in soft and hard cover versions and as a Kindle eBook. The cost is \$20 for pick up or add \$5 for mailing.

All profits from orders through the end of the year will go to Hospice of Spokane.

For further information call Hordemann at 509-534-9491 or email him at garyhordemann@hotmail.com.)z

While books from Gary Hordemann focus on Deer Park Drag Strip, he's recently released something a little different with "Stories My Brother Told Me." (Gary Hordemann photos)
