HISTORIC PHOTOS of IDAHO PANHANDLE

Coeur d'Alene Movie Theaters

The first movie theater in Coeur d'Alene, the Majestic, was constructed in 1907 next door to the Colquhoun Hardware store which was located on the southeast corner of Second and Sherman. The Casino Theater was constructed in 1910 just one block east between Second and Third Streets. By 1914 three more movie theaters were in operation: the Rex, Lyric and the Dream. The Lyric was located two blocks north of Sherman on Second Street. The Rex and Dream were on Sherman. The Dream was the largest and most popular theater and was in operation through the 1940s. In addition to showing the latest movies, the theaters also presented lectures, plays and musicals.

The cold weather has really expanded the opportunities for ice fishermen throughout the region. Even some lakes at lower elevations are sporting a solid cap of ice, and anglers are taking advantage of it.

It was kind of a different day at Roses Lake last Friday. When I arrived, there was one angler there, catching trout. I had trouble with my auger, so he drilled a hole for me. Later, another angler came over saying he was out of propane and had to go into town. I had an extra tank in my truck so, he ran up, got the propane and headed back out to meet his Dad and look for perch. When I was dragging my sled to my truck, I happened to see a cell phone laying on top of the snow and ice. It had slipped out of the pocket of the angler when he came back down to the lake with the propane tank. I walked out and gave it to him, and he was very grateful. Then an angler came down and said he hadn't ever ice fished before, but had heard it was pretty good on Roses. He didn't have an auger, so I directed him to four recently drilled holes. He asked if the fish would hit a bare jig, since he didn't have any bait. I gave him my carton of worms and wished him luck. It was a beautiful sunny day at Roses last Friday. The ice was about five inches thick, and trout were biting. This week's photo is of an angler with one of the trout he caught that morning.

If you want to put in your two cents worth on upper Columbia salmon and steelhead fisheries, you will have a chance to do it at the North of Falcon public meeting. This is where WDFW staff will present their plans for the next year, and these meetings take place during the process. The actual North of Falcon planning takes a few months to complete. When I was serving as a WDFW Commissioner I went to meetings on these fisheries all over the state, even a couple in California and Portland, Oregon. The North of Falcon meetings culminate with meetings with the Tribes. These meetings can be very contentious, and back then, as a Commissioner, I was allowed to sit in on them. The discussions take several days, and even into the evenings. The WDFW technical staff works closely with their tribal counterparts to make complicated adjustments as

the meetings progress, and it is exhausting work. This is your chance to participate in the process. The meeting is on March 18th at the Confluence Technology Center, 285 Technology Center Way, in Wenatchee from 4 to 7 p.m. You can see a timeline of all the meetings and details of the Wenatchee meeting by Googling North of Falcon.

The Washington Department of Fish and Wildlife has planted about 80,000 juvenile steelhead in Rock Lake near Sprague. The state planted the ocean running fish in the lake because of a change at the Tokul Creek Fish Hatchery in King County in Western Washington. Fish and Wildlife is no longer raising steelhead at that hatchery to protect wild steelhead. The final

population of steelhead reared at the hatchery last year need to be planted in a location where they cannot impact wild fish. State officials chose Rock Lake because of its excellent habitat and since it's not connected to waters where wild steelhead are present. The small steelhead that were planted in Rock Lake were ten to the pound. They are expected to reach a catchable size of about 11 inches by late this summer. The rules for fishing steelhead in Rock Lake are the same as the statewide regulations for trout. Steelhead are normally an ocean-going species that return to their home rivers to spawn but they also thrive in large lakes. More juvenile steelhead will be planted in Rock Lake this spring.

As many of you know, I have been sending out a free Quarterly E-Letter for the past 18 years. The E-Letter contained feature stories on the best fishing during a particular season, and

a forecast of the best prospects in the Summer, Fall, Winter and Summer. The Winter E-Letter was sent out a couple of weeks ago and was dedicated to Winter Trout Fishing. Of course, there was a lot of information about ice fishing and shore fishing in this issue. Those who now subscribe to the E-Letter receive Monthly Updates, in addition to the Quarterly editions. These updates give people information on the progress of fisheries of primary interest to anglers in the region and any new developments in the list of Top Prospects. Included in the Update for Winter, anglers can also expect to see interviews with guides and local experts, and even How-to Videos that are only seen by subscribers. To learn

how to get on the subscribers list, go to the E-Letter link on the FishingMagician.com website. Just click on E-Letter and it will open a page with a form to sign up, and to pay the \$24.99 annual fee. Just two buck a month! Sign up now and I will be sure you will get the Winter issue and the Update. Ever wondered what some wild game meat would taste like? Your opportunity is coming up on Saturday, March 29th. The Wenatchee Sportsmen's Association will be holding their annual fundraising dinner and auction on that evening, and if you haven't attended one of these events, I suggest you get tickets and go. The menu is something that is different than any other dining experience you have had, prepared by great chefs. In addition to the dinner, it is a very busy evening. There will be tables full of "gotta have" items for those who hunt and fish, and the live action is just that—very lively. When you buy your ticket, it is good for the dinner and a year's membership to the organization. The Wenatchee Sportsmen's Association volunteers dedicate hundreds of hours every year to fish and wildlife habitat and ecological work, all right here in our area. They have participated in the Rock Island Kids Free Fishing Day for many years, helping kids catch a fish. For some of them it's their first ever! The event will take place at the St. Joseph Catholic Church in Wenatchee, beginning at 4:30. You can get tickets at Hooked on Toys.

WEEKLY Horoscopes

for February 20 - 26

- ARIES – Mar 21/Apr 20**
Aries, impulsiveness may cause friction with loved ones this week, so avoid rushing into decisions. Keep an open mind when others come to you with their thoughts.
- TAURUS – Apr 21/May 21**
Taurus, expect some clarity regarding a recent financial decision this week. You'll get the answers you need about budgeting and other investments you've been mulling over.
- GEMINI – May 22/June 21**
This week you may be tempted to over-commit to social endeavors, Gemini. Keep your boundaries in check, especially if you are having difficulty telling other people, "no."
- CANCER – June 22/July 22**
Cancer, much of your to-do list this week will focus on your home life. Take a break from the hustle and spend time bringing order and balance to spaces in your home.
- LEO – July 23/Aug 23**
Your words carry a lot of weight right now, Leo. Be very careful about the opinions you offer and the stories you share. By the weekend you may be called upon for some advice.
- VIRGO – Aug 24/Sept 22**
Virgo, if you have been thinking about making some sweeping financial decisions, now is the time to take action. Putting things off for another day can wreck long-term plans.
- LIBRA – Sept 23/Oct 23**
Sometimes you have to give yourself a pat on the back when others are not offering the feedback you need, Libra. You are doing a great job and learning along the way.
- SCORPIO – Oct 24/Nov 22**
You often keep your cards close to the vest, Scorpio. Others may be surprised to learn a project you have been working on for some time has come to fruition.
- SAGITTARIUS – Nov 23/Dec 21**
Personal ambitions are at the forefront of your mind, Sagittarius. However, you may be placing too much importance on financial matters rather than the other rewards from hard work.
- CAPRICORN – Dec 22/Jan 20**
You are doing quite well in your professional life right now, Capricorn. But in terms of home life, there are definitely some areas that can use improvement. Focus on those things.
- AQUARIUS – Jan 21/Feb 18**
Aquarius, you could be feeling a strong urge to declutter personal spaces, such as the garage, closets or even your home office. Find the time to start sorting through belongings.
- PISCES – Feb 19/Mar 20**
All it may take is a simple conversation to clear up some persistent misconceptions, Pisces. Figure out when to schedule that talk and afterwards you will feel better.

STYROFOAM BEAD INSULATION
Great to pour in the attic or fill concrete blocks, \$10 for 55-gallon bag. 208-610-5605 Sandpoint

ATTEND A CLASS

Check out class offerings in your area. Community colleges, conservation districts and Master Gardeners all offer winter classes.

STARTING SEEDS

In February and early March you can start seeds indoors for early maturing vegetables such as broccoli, artichokes, leeks, onions and kale.

CHECK HOUSEPLANTS

Indoor, heated air is dry and many insects take advantage of the conditions and flourish. Check your indoor plants for aphids, mealy bugs and scale. A warm shower will usually do the trick to get rid of the pests.

WALKING ON GRASS

It may be tempting with little to no snow to get out and check on the garden, but stay on hard surfaces and paths. Walking on saturated sod will compact the soil and make it much harder for your grass to grow roots.

NOXIOUS WEEDS
What is a Noxious Weed? They are non-native plants that have been introduced to Spokane County through human actions. Because of their aggressive growth and lack of natural enemies, these species can be destructive, competitive, and difficult to control.

BULL THISTLE
 (CIRSIIUM VULGARE)
 This biennial weed grows 3-7 feet tall with an upright, branching stem. Pink to purple flowers are clustered at the end of branches. Pull or dig small infestations. This plant must be cut off below the soils surface and no leaves should remain as the plant will recover. Horses, sheep, and goats may eat young plants, but they will avoid mature foliage.

LUCK, INSTINCTS GIVE BYRON REPEAT DAYTONA 500 WIN

By Reid Spencer; NASCAR Wire Service

DAYTONA BEACH, FL. (February 16, 2025) - Like Houdini making an unlikely escape from a straitjacket, William Byron trusted his instincts and emerged from a smoky, last-lap wreck on the backstretch at Daytona International Speedway to win the DAYTONA 500 for the second straight time.

William Byron, driver of the #24 Axalta Chevrolet takes the checkered flag to win the NASCAR Cup Series Daytona 500 at Daytona International Speedway on February 16, 2025 in Daytona Beach, Florida. (NASCAR Photos)

On Sunday night, after a long rain delay and a Presidential visit, Byron took full advantage when contact from Cole Custer turned three-time DAYTONA 500 winner Denny Hamlin at the front the field and started a wreck that gave Byron the opportunity he needed.

When Byron crossed the finish line 0.113 seconds ahead of runner-up Tyler Reddick in overtime, he became the first driver since Hamlin in 2019 and 2020 to win the Great American Race in consecutive years.

"Yeah, obviously some good fortune, but just trusted my instincts on the last lap there," Byron said after climbing from his car. "I felt like they were getting squirrely on the bottom, and I was honestly going to go third (top) lane regardless, because I was probably sixth coming down the back."

Last season, Byron claimed all three of his NASCAR Cup Series victories in the first 11 races. This year, after another Daytona win, he plans to sustain the momentum throughout the season.

"It's an amazing race, and obviously a lot of crazy racing out there tonight and just a lot of pushing and shoving," said Byron, who picked up his third victory at the 2.5-mile superspeedway and the 14th of his career.

The wreck on the second lap of overtime frustrated both Hamlin, who was late to the lead and 2022 DAYTONA 500 winner Austin Cindric, who led a race, with high 59 laps and combined with Team Penske teammates Joey Logano and Ryan Blaney to lead 125 of 202.

Hamlin had just pulled ahead of Cindric on the backstretch when Custer made a move to

the outside and then steered down the track toward Hamlin's No. 11 Toyota, triggering the crash.

Legacy Motor Club owner and part-time driver Jimmie Johnson finished third in his best result since 2020 at Dover. Pole winner Chase Briscoe was fourth and John Hunter Nemechek fifth, giving Legacy two drivers in the top five.

The race was just over four laps from completion in regulation when a bump from Custer turned Christopher Bell hard into the outside wall on Lap 196. Bell's Toyota bounced off the SAFER barrier and collected the Ford of Ryan Preece, whose car got airborne and landed on its roof before finishing upright.

That sort of wreck wasn't unfamiliar to Preece, who endured a spectacular series of barrel rolls in the 2023 spring race at Talladega.

"When the car took off like that, it got really quiet, and all I thought about was my daughter," Preece said. "So, I'm lucky to walk away."

The 67th running of the Great America Race started in short bursts. With President Donald Trump in attendance and the grandstands packed with fans—reflective of a 10th straight sellout—drivers ran just nine green-flag laps from the start before rain interrupted the proceedings.

After a red flag period that lasted 3 hours, 9 minutes, 59 seconds, drivers took to the track for a second time and ran another 12 laps under caution before a brief rainstorm halted the race for another 20 minutes, 29 seconds.

Logano won the first stage under caution, but because of a problem with debris in the throttle body of his No. 22 Ford on the subsequent restart on Lap 71, Logano stacked up the top lane and ignited a seven car melee in Turn 1. The accident eliminated the cars of Martin Truex Jr., Helio Castroneves and Ross Chastain.

Intense three wide action throughout the race produced 56 lead changes among 15 drivers. Byron led five times for a total of 10 laps. There were eight cautions for 47 laps.

TRI CITY'S TOLAR TELLS THEIR TALE

Laci Tolar, third from left, and the marketing director for Tri-City Raceway at Red Mountain Event Center, is seen during a panel discussion in Daytona during Speedweek.

Tolar was invited to speak about social media marketing and the impact it has had in the revival of the racetrack that reopened in 2022 after 20 years in mothballs.

"What an amazing experience this has been so far," Tolar wrote in a Facebook post. "I feel so honored that NASCAR Regional invited me out to speak on their panel about social media & marketing."

Her efforts have allowed Tri-City Raceway RMEC to have a presence on a national level, she wrote.
